

ACAT[®] Online

Autoscoring Request

Students taking the ACAT Online can view and print their scores immediately following completion of their test. This is provided at no additional cost to the institution. A sample of the scores can be viewed at www.collegeoutcomes.com/aon.

Students can order a printed copy-protected report of their scores directly from PACAT for \$15 with the option to purchase up to 3 additional copies for \$6 each. These are sent directly to the student.

Departments can have preliminary scores sent by e-mail 15 minutes after the end of each online session. Departments will still receive their regular score reports after they notify us that they have completed all testing for a scoring cycle.

Departments using the ACAT Online must indicate which services they want by completing this form, signing it, and faxing it to us at 931-552-9167. Please contact us toll-free at 866-680-2228 or by email to aon@collegeoutcomes.com if you have any questions about these options or completing this form.

Select how you want the scores delivered. You may select one or both of the options below

- Provide students with scores immediately following completion of the test.
- Send preliminary scores directly to the following e-mail address (please add the address OSC_Mailer@acatonline.net to your e-mail address book and/or permitted list).

E-Mail Address: _____

Select the scores to be provided. The same options will be provided under both delivery options above.

- Stanine scores and percentile bands for each content area (Departments receiving these scores by e-mail will receive the standard scores for each content area without percentile bands.)
- Overall performance standard score and percentile

-
- Allow students the option to purchase their individual score report using a credit or debit card**
